

The job: Deliver multiple subtitle options for an ebook about Internet dating.

Suddenly Single Susan (e-book)

Is she too old to log in for love? Or is her permalink just a mouse-click away?

The last thing she thought she'd be at 40 was alone. It's time to click herself up and get back in the game.

A comical romp through the digital meat market fills this middle-aged player with virtual dread. Does she have any chance at uploading love?

You gotta click a lot of cyber frogs to find your online dating prince. And boy are these 40-year-old fingers tired.

Can a cyber weary 40-year old adapt her old moves to a digital game? Or is she browsing for love in all the wrong places?

Broadband failure and binary belly laughs; A midlife adventure in online dating.

Back on the market after too many years, she has to learn to play a whole new game. Can she crack the digital dating code and find her missing link?

An unexpected plunge into the cyber dating pool might be just what this 40-year-old needs to get her search engine revving again.

Internet dating at 40. Sometimes it works. Sometimes it mega-bytes.

A dial-up dame in a digital game. What could possibly go wrong?
